Please bring bags to take out your trash & recyclables. Please remove any trash or recyclables from the gathering site any chance you may get. Cleanup starts when you get there!

GETTING TO THE GATHERING:

Find Rochester, VT on the map -- it's located on Rt. 100. Go north on Rt. 100, through the town of Hancock, to the village of Granville. Turn left just after the "Bowl Mill" on to West Hill Rd (also known as FS 55. Google calls it TH-11). (Going north on Rt. 100, The Bowl Mill is on the left side. It has a sign on the side that says something like "Granville Mfg Co Inc", but there are other signs that call it the Bowl Mill.) Do not go left over the bridge. Go straight up FS 55 and continue along FS 55 with the White River in the valley to your left (south) the whole way. When you reach the third right, turn onto FS 207, which is the road entering the Rob Ford site; (If you reach the Clark Brook Trail, or worse, the U-turn over the White River, you have gone too far.) Go about a 1/2 Mile on FS207. There are several flat spots where you might park. Welcome Home! Please drive slowly on all roads, especially on ALL FOREST ROADS as road conditions are poor in some areas and can be unsafe even at moderate speed.
